Chapter 1: How You Approach Life and How You Appear To Others

Gemini Rising:

You are always questioning and learning, and you seem young and alive no matter what your chronological age, for your mind is always alert, curious, flexible and open to new experiences. You have a childlike enthusiasm for anything new and you learn easily, but you also get bored rather quickly. You can be something of a scatterbrain, for you tend to have so many ideas and irons in the fire that it is hard to keep track of them all. You need and crave variety, change, mental stimulation, and an active social life.

Articulate, clever, often funny and witty, you are always a refreshing and interesting conversationalist. You enjoy meeting and interacting with a variety of different people. You are friendly, flirtatious, and charming in a light, playful way, and no matter how badly you may be feeling, you never appear heavy or somber. You may seem frivolous to other, more serious souls. You have a sense of humor and a sense of perspective that prevents you from taking yourself or life too seriously. In fact, you may seem flippant or unconcerned about matters that others consider very important.

In general, you respond to life mentally and objectively rather than emotionally, and you may not empathize with people very much. You do not like to be weighed down with too much responsibility or with others' emotional burdens. Furthermore, if you cannot UNDERSTAND something reasonably and logically, then very often you would prefer to ignore it, including your own and other people's irrational feelings, desires, and needs.

Consistency and reliability are not great virtues of yours and your life is apt to be full of changes and movement due to your restlessness. You become nervous and fidgety if things are not moving quickly enough. You are interested in what is current and up-to-date, the newest trends in thought or style.

Your gifts are a quick mind, verbal facility, a flair for language, social sophistication and polish, the ability to communicate, converse, and build bridges between people and between ideas. You tend to become an incessant chatterbox or gossip if you do not have work or other involvements that utilize your mental, verbal, and social skills.

Chapter 2: The Inner You: Your Real Motivation

Sun in Pisces:

At heart you are very gentle, impressionable, and receptive - a dreamer. The world of your imagination, feelings, and intuition is as real to you as anything in the outer world, though you may have trouble verbalizing or interpreting your inner experiences in a way others can understand. Mystical, artistic, musical, emotional and imaginative, you have a rich inner life, though you may seem rather unobtrusive and quiet outwardly. You usually keep to yourself.

You have great sensitivity and empathy with others, and you often sense things psychically or intuitively which prove to be correct. You are tolerant, forgiving, and nonjudgmental, accepting people unconditionally regardless of their flaws, mistakes, or outward appearance. You have deep compassion for the suffering of any fellow creature and often feel others' pain as if it were your own. You sympathize with the needy, the disadvantaged, the misfits of society. You are capable of giving selflessly, living a life of devoted and compassionate service to others, as a healer, physician, social worker, or minister. However, you tend to give indiscriminately, to let others take advantage of your kindness, and to encourage the weak to remain so by becoming dependent upon you. You have little sense of boundaries, of limits, of knowing when to say "no". Moderation and self-discipline are not your strong points.

You are a lover and a peace-maker rather than a fighter, and you try to avoid open conflict. You will patiently ignore or "tune out" problems and hope they will go away by themselves, rather than directly confronting them, and you tend to lack the positive fighting spirit that is sometimes necessary to overcome challenges. You are fluid, open, nonresistant, and somewhat passive. You do things in a subtle, often covert, manner.

Your gifts may also lie in the realm of the creative, artistic, or musical, for you have a great sensitivity, inspiration, and limitless imagination. You respond very strongly to beauty and to love.

Your faults include a tendency to be lazy and negligent, and to wallow in self-pity rather than taking strong, definite action to change your life for the better. You also tend to become so detached from your immediate environment that you live in a disorderly, chaotic sort of hodgepodge, though this probably bothers those around you more than it bothers you.

Sun in 10th house:

Your career, reputation, and public image are very important to you. You have a strong desire to be influential or make your mark on the world. The merely personal sphere does not satisfy you; your ambitions include making a major contribution and receiving broad recognition for your unique effort and gifts. You may undervalue the personal or inner side of life.

Sun Trine Uranus:

The unusual and unorthodox appeal to you, and you do not allow tradition, convention, or other people's expectations dictate how you are going to live your life. You crave freedom, adventure, excitement, and discovery, and are not afraid of change. You possess inventive and creative genius.

Chapter 3: Mental Interests and Abilities

Mercury in Aquarius:

You are a progressive thinker, open and receptive to new technologies and breakthroughs in science, and the latest discoveries in any field. You have high expectations and a deep belief that mankind's problems can be solved through the use of our creative intelligence and inventive mind. You have no patience for those whose conservative, unimaginative outlook limits their capacity to find solutions and envision a better future. You also like to keep abreast of current developments in world affairs, for you instinctively know that what happens in one part of the world affects everyone. You have a strong humanitarian impulse. Practically speaking, you have an aptitude for organization and enjoy being involved in cooperative endeavors or businesses that are contemporary and innovative.

Mercury in 9th house:

You have an unquenchable thirst for knowledge and wisdom and for an ever broadening understanding of life. You are the perpetual student and will be involved in higher education, philosophy, or religion. Law, broadcasting, publishing, or the field of communications are also areas that interest you. World travel and studying other cultures are also strong urges of yours.

Mercury Trine Pluto:

Your mind is deep and penetrating and you are interested in anything secret, mysterious, or hidden, including the deeper aspects of the human psyche. You possess an aptitude for private investigation, psychology and research work. You are also drawn to esoteric or occult studies.

Mercury Sextile Neptune:

You are open and receptive to subjects which defy rational explanation, such as psychic phenomena, mental telepathy, metaphysics, etc., and you could teach these subjects to others. Your mind is imaginative and inspired and you have an aptitude for art and creative writing.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Cancer:

You respond very much to the emotional tone and atmosphere around you, and can be dominated by your fluctuating and unpredictable moods. You often appear irrational to others because you cannot always explain the reason or source of your feelings. Anyone who lives with you must accept your ups and downs and appreciate your need for times of withdrawal.

You are also very sympathetic and understand the unspoken feelings and needs of others. You take slights and rebuffs very personally and though you may forgive a transgression by a friend or loved one, you never forget it.

Moon in 2nd house:

You are likely to be a great collector of things - a real pack rat in fact - for your belongings give you a sense of security and continuity with the past, which is important to you. Antiques or things with sentimental value from your past are especially dear to you.

You may also cling rather tightly to both money and possessions, keeping them "in the family" rather than sharing freely with those outside of your immediate circle.

Moon Conjunct Saturn:

Serious and emotionally reserved, you were probably never an exuberant, playful child, and you rarely express yourself in a spontaneous, childlike manner. You are cautious about letting others get close to you and sometimes withdraw from people altogether. At times, even when you are with people, you feel lonely or isolated. Learning to appreciate your own company and to find satisfying solitary activities is essential to your emotional well-being.

Venus in Pisces:

Tremendously softhearted and sympathetic, you give very selflessly and devotedly to those you love and often allow others to become overly dependent upon you. More compassionate than passionate, you may become romantically involved with someone because they need love and you want to help them, rather than out of mutual pleasure or attraction.

You are drawn to sensitive, imaginative, gentle souls - poets, musicians, dreamers - or to someone you feel you can have a deep spiritual relationship with. You idealize love and have a very beautiful, romantic vision of what love can be.

Venus in 11th house:

You are a very sociable, congenial person and you wilt very quickly without the company of good friends and people to share good times with. You thoroughly enjoy working with others on group projects or community activities. You are quite happy when you are a part of a club, support group, or team of some sort.

Venus Conjunct Jupiter:

You are bighearted and openhanded with both your money and your affections and you are not happy if you have to budget or restrict yourself in any way. Pettiness or stinginess is foreign to your nature and you feel most comfortable in an elegant, beautiful atmosphere. Asceticism is not for you. Gracious and charitable, you enjoy sponsoring social events or cultural activities. You have an optimistic, friendly attitude towards others and tend to bring out the finer side of people. You fall in love with someone who is successful, noble, and idealistic.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Capricorn:

You are serious about your ambitions, and disciplined, dedicated, and tenacious in pursuing your objectives. Your drive and energy are directed toward practical material accomplishment and achieving concrete results. You also strive to be in a position of authority and social influence; you enjoy being the person who is in command.

You are hard-working and capable of forgoing immediate comfort in order to achieve your long-range goals. You can easily become a workaholic and are very responsible and conscientious about doing a thorough job.

Realistic and pragmatic, you are an excellent strategist. You attain success by formulating a conservative and workable plan and following through with it. You are not a gambler when it comes to attaining your goals; you depend on your own efforts and perseverance rather than good fortune. You have a natural shrewdness and instinct for business or organizational management.

Mars in 9th house:

You have passionate convictions and will fight for them when challenged. You are willing to dedicate a great deal of your energy and force to an important cause, and you'll act decisively on your beliefs, rather than simply espousing them.

Sometimes you get so involved and identified with your ideas that you cannot really be receptive to anyone who opposes you philosophically.

Mars Sextile Jupiter:

Your self-confidence and vitality are strong and you believe you can do just about anything you want to. You have an enterprising spirit, a good sense of timing, and the ability to sense what will succeed and what won't. You usually make fortunate decisions in work or business activities. You enjoy healthy competition and you have a rather playful, good-humored attitude

toward it. You mostly compete with yourself to see how far you can go or how much you can accomplish. You like to keep stretching your limits.

Chapter 6: Other Influences

Jupiter in Pisces:

Your ability to empathize and identify with others makes you unwilling to take advantage of or hurt anyone. You care about the underdog. You may also be unusually impressionable or have highly developed psychic sensitivity.

Jupiter in 11th house:

You have good fortune working with groups, organizations, and others who share your ideals. You go further if you unite your efforts with others, as in clubs, networks, or civic associations. Social improvement, or benefiting your community is very important to you.

Saturn in Cancer:

You fear becoming emotionally dependent upon others, and may distance yourself or deny your needs for closeness and intimacy so that you won't be vulnerable to rejection or abandonment. On the other hand, you may cling excessively or need constant reassurance from loved ones and family. Developing a deep, inner sense of security, as well as the ability to give and receive nurturing are important tasks for you.

Saturn in 2nd house:

Your fears revolve around money and material security, and you work very hard to ensure that your assets are solid. You may be very conservative, even stingy, with your money because you are afraid there won't be enough. You may turn this fear around and become very shrewd about investments and financial matters.

Saturn Square Pluto:

Once you decide what you want to do, you will pursue it tenaciously and, if necessary, sacrifice a great deal for your deeply felt convictions. This trait tends to make you feel a little out of step with others. You take things a little more seriously and have an inclination to be a bit of a fanatic, although probably not flamboyantly so, so others may not know how deeply you feel and how driven you are about the things that are important to you. You have a deep inner resolve and are willing to struggle to do the things that are really meaningful to you, rather than follow an easier but less meaningful course in life.

Uranus in Scorpio:

You are part of a 7 year group of people who break up all manner of taboos regarding death, sex, and any other personal, private, or difficult topics. Your age group is less modest about sex than other age groups and promiscuity is not uncommon. You love emotional intensity,

and there are many extremists and fanatics in your age group.

Uranus in 6th house:

Your work habits may be unstructured and you may find it difficult to settle down to a routine task or work situation.

You are interested in new technologies or unusual, even revolutionary methods of solving problems in your work. Nontraditional methods of healing and medicine also fascinate you. You may work in an alternative health field or work for change and reform in whatever field you choose.

Neptune in Sagittarius:

You are part of a 14 year group of people that are extremely idealistic and farsighted in their dreams. Your age group is very liberal and expansive in outlook, and consequently churches become much more flexible and more eclectic in their approach during your life time. Religions that do not adapt to the broad-minded attitude of your age group simply are unable to attract very much interest and involvement from you.

A great deal of metaphysical musing and speculation is evident in your age group, and there is a very strong interest in all manner of psychic phenomena, UFO's, prophecy, etc. This interest will open many new doors and insights, but will also often lead to a great deal of fantasizing and speculation that is taken more seriously than it should be.

Neptune in 7th house:

You often have very naive, idealistic, or overly romantic attitudes toward people, and it's difficult for you to see others realistically. You may prefer to keep your relationships on an idealistic or platonic level, so that you don't have to deal with the more prosaic, earthy, human aspects of relating.

Thoroughly investigate potential marriage or business partners, as your gullibility and desire to see only the best in people may blind you to the truth about others with whom you form a close alliance.

Neptune Sextile Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Libra:

You are part of a 12 year group of people who are deeply interested in personal relationships. Your age group has a deeply-rooted yearning to see people relating and communicating with each other effectively and harmoniously. There is little egotism and a willingness to hear the other person's side of the story and a readiness to compromise and arbitrate different points of view. In fact, the need for harmonious, peaceful relationships is so strong that there is a tendency to overlook real differences and to focus only on the similarities in an attempt to bring different parties into harmony with each other.

Interest in psychology and sociology is high in your age group. There is a tremendous heightening of awareness of social skills. Your age group will experiment with different marriage styles, family relationships, and even business relationships in an attempt to bring fair treatment and effective communication between people. Interest and appreciation for other cultures is also strong, and your age group will work hard to preserve and support the cultural heritage of all ethnic groups.

Your strong yearning for equitable and harmonious relationships is also reflected in major advancements in trade agreements, arms control, and international cooperation that are designed and implemented by your generation. These agreements and policies foster a much safer and more cooperative environment for all, although there is also a tendency for greedy individuals to take advantage of the conciliatory atmosphere and twist situations to their own ends.

In short, you are part of a generation of individuals who are deeply interested in other people; you are a humanistic and humanitarian group. You will struggle and experiment with personal relationships, and forge new models for how people can relate as friends, family members, and members of nations as well.

Pluto in 5th house:

You have very strong creative forces and whatever you do, you want to do to the fullest. In love and romance, you get totally, passionately, even obsessively involved. In other forms of creative release and self-expression, also, you are very driven and you have a deep need to prove yourself. Your desire for personal recognition is compelling, and if you do not achieve creative success, you may try to force your children to fulfill your dreams for you.
