When two planets are separated by a particular angle, astrologers believe that the influences of the two planets combine to create a strong effect on a person. In ancient astrology and much modern astrology five angles are considered very important: 0, 60, 80, 120, and 180 degrees. These important angles are known as "aspects". In modern times, many astrologers also interpret aspects of 30, 45, 135, and 150 degrees. Some astrologers also use a variety of other angles, such as 72, 144, 40, 80, and many other angles. In the late 20th century a branch of astrology known as "harmonic astrology" developed and practitioners of harmonic astrology believe that there are many hundreds of different aspects, so harmonic astrology has greatly increased the complexity of astrological interpretation. Not all astrologers are convinced that these additional aspects are important. Harmonic astrologers also group together various aspects which they believe to have a similar influence. For example, the fractions of $1/9$ (40 degrees), $2/9$ (80 degrees), and $4/9$ (160 degrees) of a circle are known as "9th harmonic aspects". Given below are interpretations of the following 6 aspects: (1) the semisextile aspect, which is 30 degrees, (2) 24th harmonic aspects, (3) 16th and 32nd harmonic aspects, (4) quintiles and biquintiles, also known as 5th harmonic aspects, (5) the septile, biseptile, and triseptile aspects, also known as 7th harmonic aspects, and (6) the novile, binovile, and quadnovile aspects, also known as 9th harmonic aspects. These additional aspects are known as minor aspects or harmonic aspects. There are many other aspects used in harmonic astrology, but these aspects are among the most important and powerful, and hence this report describes some of the most important Harmonic Highlights in your astrology chart.

I recommend that you read this report after reading an interpretation based primarily on the most commonly used aspects. I think you will be impressed by the ways in which the aspects interpreted in this report describe major issues in your life and in your personality that are not described as clearly by the more commonly used aspects. Hopefully this analysis of harmonic aspects will be useful and helpful to you. If you are an astrologer and you currently do not use harmonic aspects, reading several Harmonic Highlights Reports of friends and family may make you a believer in harmonic aspects. Adding these additional aspects to your interpretation does add greater complexity and detail to your analysis, and keeping a clear, integrated view of the astrology chart becomes more difficult, but astrology is likely to grow in sophistication as it evolves and develops in the 21st century.

Aspects noted as "very strong" in the report have an orb of less than $1/3$ the allowable orb and appear at the beginning of the report. "Strong" aspects have an orb of less than $2/3$ the allowable orb, and aspects that have an orb that is $2/3$ or greater of the allowable orb are printed at the end of the report.

For the benefit of astrologers, given below are the orbs used for each aspect. Note that according to harmonic theory, orbs are defined so that all harmonics occur equally often by chance, and hence the orbs are not rounded to the nearest degree.

Moon 16th harmonic (7/16) Mercury, very strong (Orb: 0 Deg 10 Min):

You have a natural aptitude for psychology, history, and other areas that require a combination of intuition and intelligence. You have a good memory and good intuition.

Mars 32nd harmonic (15/32) Saturn, very strong (Orb: 0 Deg 07 Min):

Once you set your mind on a plan or goal, you will make whatever sacrifices are needed to complete the task and meet your responsibilities. You do not shirk responsibilities or avoid the "dirty work". Your dedication is admirable. Others who do not know you well may be surprised by your inner strength, tenacity, and determination. You can be very stubborn and you dislike being distracted from what you consider your responsibilities.

Moon 24th harmonic (7/24) Uranus, very strong (Orb: 0 Deg 10 Min):

You become impatient, bored, and a bit rebellious if your daily routine is too repetitive or restrictive. You want to break the monotony with some childish antics or a more free-spirited approach. Most likely you prefer casual dress and you prefer an environment where people are encouraged to be creative, comfortable, and innovative rather than restricted by too many rules and regulations.

Mars 24th harmonic (7/24) Pluto, very strong (Orb: 0 Deg 07 Min):

You work from an inner drive and compulsive need. You pour yourself into what you do and become completely immersed in it. Once involved, you dislike being disturbed. A disorganized or inefficient environment that makes it difficult for you to become fully involved in your work is very frustrating and unacceptable to you. You are also able to devote yourself to tasks without feeling stressed or overwhelmed by the demands of the work.

Sun 5th harmonic (biquintile) Pluto, very strong (Orb: 0 Deg 45 Min):

You have a creative drive that gives you the ability to express yourself with a little extra zip and impact than most people. You are good at finding creative solutions and you enjoy a contest or competition that requires ingenuity as well as strength or will power. You react effectively when there are surprises and you meet challenges well. You enjoy competitions, either against yourself or against others.

Moon 5th harmonic (biquintile) Neptune, very strong (Orb: 0 Deg 10 Min):

You have a very creative imagination. You appreciate imaginative stories, arts, and music. Your dreams may be vivid. Art or music is a good outlet for you, either by creating the works yourself or appreciating the work of others.

Venus 7th harmonic (biseptile) Saturn, very strong (Orb: 0 Deg 13 Min):

You do not tend to take an interest in celebrities, and you do not idolize them. Glamour does not dazzle you. You respond very strongly to the character, integrity, and sincerity of people. You are not deceived by superficial appearances, and you may fall in love with someone who is not particularly physically attractive, but who has strong character and integrity and is very sincere.

Jupiter 7th harmonic (biseptile) Neptune, very strong (Orb: 0 Deg 16 Min):

You have a deep and serious approach to philosophical and religious issues, and you are skeptical of simple answers to large and complex questions.

Sun 9th harmonic (novile) Mars, very strong (Orb: 0 Deg 08 Min):

You are most productive when you work in a supportive environment. You have great stamina and endurance, for example, working with a cooperative positive group of people or in an area like agriculture rather than in a hectic, nerve-wracking demanding job in an urban setting. You enjoy work that makes you feel a part of a larger purpose or community.

Jupiter 5th harmonic (biquintile) Uranus, strong (Orb: 2 Deg 04 Min):

You enjoy life, and probably enjoy a good game of golf, a ski trip, or a great concert or other performance on occasion. You appreciate entertaining and uplifting experiences and you manage to find them regardless of where you live.

Uranus 9th harmonic (novile) Neptune, strong (Orb: 0 Deg 40 Min):

You are tolerant and supportive of different life styles and attitudes. You tend to a broad, universal outlook on life, and have an inherent sense of ultimate goodness or sense of divine purpose that allows you to weather storms and avoid becoming flustered by everyday, typical frustrations. You see past superficialities and tend to view life from a more cosmic or universal perspective. Minor faults in others do not upset you, but if you ever encounter very malevolent or malicious people or circumstances, you can become very deeply affected, disturbed, troubled, worried, or unsure of how to cope with such extreme evil. In general, though, you have an inspiring, uplifting, and healing effect on others.

Sun 16th harmonic (1/16) Mercury (Orb: 0 Deg 51 Min):

You have a deep inner need to see things more clearly. You may have keen eyesight or excellent ability to tune musical instruments or you may be involved in improving the literacy or communication abilities of others.

Moon 16th harmonic (5/16) Jupiter (Orb: 0 Deg 44 Min):

You have a knack for making others feel welcome and accepted. It is easy for you to accept differences in people and to support each person in their unique and individual interests and beliefs. You enjoy being a part of a large family or circle of friends.

Jupiter 24th harmonic (11/24) Pluto (Orb: 0 Deg 30 Min):

You enjoy being a part of socially influential or successful activities. You love the feeling of expansiveness and freedom that comes from breaking past limiting circumstances. You seek success and you are likely to achieve it.

Venus 5th harmonic (biquintile) Uranus (Orb: 2 Deg 53 Min):

Humor, music, entertainment, games or sports, and creativity of all kinds are very important for you. You can manage reasonably well in a stable, predictable routine, but you really come alive and are in your element when you can periodically play, laugh, or be a bit zany. Children can bring out the best in you by evoking your playful, creative side. Exploring many kinds of music, dance, or theater may be an interest of yours.

Moon 7th harmonic (biseptile) Uranus (Orb: 1 Deg 59 Min):

There is some tension between your freedom-loving spontaneous child-like side and your more mature and disciplined side. You could be a percussionist, dancer, massage therapist, or trainer because you like discipline and self-control while simultaneously releasing inhibitions and feeling free.

Mercury 7th harmonic (triseptile) Saturn (Orb: 2 Deg 10 Min):

You have an unusually strong capacity for abstract thinking, and you are drawn to subjects that are a bit more esoteric or unusual than most people find interesting. You probe the historical roots and symbolic or mythic underlying foundations, and you find subjects that others consider dry or uninteresting very meaningful and worthwhile. You are best suited to a learning environment that provides time for deep reflection and analysis rather than quick and easy answers and fast, clever, superficial understanding.

Mars 7th harmonic (biseptile) Pluto (Orb: 2 Deg 02 Min):

You have very good stamina and you are not fully satisfied with mediocre results. You are willing to work with dedication and commitment over a long period of time to gain mastery and excellence. You derive satisfaction from exploring the historical roots and the many underlying influences of any area of life, thereby gaining a deep and mature comprehension of the material.

Moon 9th harmonic (binovile) Pluto (Orb: 1 Deg 16 Min):

You enjoy seeing people express deeply felt urges that have been repressed or ignored. You have a knack for getting people to talk about their deepest feelings, and very often a light, casual conversation with you turns into a deeper probing into one another's emotional experiences, fears, concern, hopes, joys, and sorrows.

Mars 9th harmonic (binovile) Uranus (Orb: 1 Deg 19 Min):

You have the ability to stir people into action. You add life to any gathering or meeting by presenting exciting ideas and enthusiasm. You become energized and enthusiastic when presented with an opportunity to become involved with the larger community or public. You are an enthusiastic and dynamic team player.
